To Whom This May Concern,

I've been working as a graphic designer for the last 5 years. In that time, I've had the opportunity to work on a wide range of projects including print advertising, web advertising. I am looking for an opportunity for more growth and creativity. I find that when I conceptualize and design a project, it has to meet the needs and requirements of the client, not just look good. This is a personal challenge and I try to balance both of these objectives. When it can be difficult, I have been quite successful in finding ways to solve this problem, revising the finalized work as needed but also communicating with the client's.

I'm a team player, I can work within a group and collaborate with people from different departments in the company and receive constructive criticism from my team mates.

I look forward to show you my portfolio and discuss how I can be a valuable member of your team.

Thank you for your time and consideration.

Sincerely,
Sheryl Banares Briker
